STATEMENT OF PHILOSOPHY

The Kinsley-Offerle School District shall provide a well-balanced activity program that instills the development of effective citizenship through a practice of good sportsmanship. This should ensure students gain a balanced preparation for life, work, and post-secondary education.

Only those students who are eligible, under the rules of the KSHSAA and the policies of USD 347, and who are capable of assuming the responsibilities of being official representatives of the KJSHS through their manners, conduct, appearance and sportsmanship shall be permitted to represent the school in the activity program. Students are ambassadors of our school and should act accordingly.

SPORTSMANSHIP

Coaches will do everything within their power to promote Citizenship/Sportsmanship Rule #52 of the KSHSAA. Sportsmanship is a way of thinking and behaving.

- We consider athletic opponents as guests and treat them all with courtesy.
- We accept all decisions of officials without question.
- We never hiss or boo a player or an official.
- We never utter abusive or irritating remarks from the sidelines.
- We applaud opponents who make good plays or show good sportsmanship.
- We never attempt to rattle an opponent, such as a player attempting a free throw.
- We seek to win by fair and lawful means, according to the rules.
- We do unto others as we would have them do unto us.
- We try to win without boasting and lose without excuses.
- We ask that every player in the game and every fan in the stands do their level best throughout the game to cooperate with us in living up to this code.

All actions are to be **for, not against;**
Positive, not negative or disrespectful!

GOALS AND OBJECTIVES OF ACTIVITIES AND SPORTS

Provide an opportunity for any student to participate in an organized athletic program by:

- A. Maintaining a comprehensive activities program for boys and girls at the junior high school and high school levels.
- B. Seeking coaches/sponsors and staff that understand the age group of students with whom they are working and that encourage a positive, wholesome attitude toward success and failure.
- C. Providing an adequate, realistic budget.
- D. Providing adequate indoor and outdoor facilities.
- E. Providing safe equipment.

Provide activity in the form of competitive activities where a student can seek his/her highest level of accomplishment by:

- A. Supporting competitive activities in grades 7-12 with an emphasis on maintaining numbers and playing as many student/athlete as possible at the non-varsity level. (Non-varsity level being any level below high school varsity – see VARSITY VS NON-VARSITY below)
- B. Teaching basic fundamental skills at all levels (7-12) with major emphasis at grades 7, 8, and 9.

Provide direction and leadership by coaches/sponsors and staff by:

- A. Assisting in the development of a handbook for each sport with specific guidelines relative to that sport.
- B. Encouraging coaches/sponsors to attend clinics and workshops designed to increase their knowledge and abilities.

Provide program evaluation by:

- A. Evaluating all head coaches/sponsors, assistant coaches/sponsors, and Rule 10 coaches/sponsors.
- B. Seeking coaches/sponsors input and program evaluation.
- C. Monitoring community response to the total program.

VARSIITY VS NON-VARSIITY

PHILOSOPHY

This topic seems to instill a lot of emotion and concern from parents, coaches, administration, and community members. This is the Kinsley-Offerle School Districts definition of expectations of our program and the goals of each team when appropriate:

- A. 7th and 8th grade “B” and “C” teams – The coach’s job with this group of student athletes is to teach fundamentals and to ensure that all student athletes are afforded an opportunity to play as long as the athlete fulfills his or her part of the practice obligations and is a student in good standing. Depending on the size of the group, this may need to be done in creative ways, but we want this group to gain confidence in the sport but more importantly, to gain confidence in themselves. They are the future of our athletic program and we want all of them to feel like they contribute. These games will probably look ugly and will not make a very good win-loss record, but these statistics are not important. We still need to plant the seed in their minds about winning and losing, but this age group needs to learn to put things in perspective learn humility as well as things about themselves. They should be given things to work on in practice that will help them be successful. Disrespect from players on this team will not be tolerated.

Tournament philosophy – If this group is allowed to play in a tournament, there should be an honest try-out two days before the competition and the coach should select the best players from his or her squad to represent our school. If a player has been playing a lot of “A” team games three weeks before the tournament or has participated in an “A” team tournament. They will not be allowed to play on the “B” or “C” team tournament.

- B. 7th and 8th grade “A” team - This group should be the best 7th and 8th graders a coach has on the team. At this level, we are telling everyone through our actions, that this team is still working on fundamentals, but their

skill set has elevated their playing ability and they are ready for the next level. Disrespect from players on this team will not be tolerated. Coaches who move players between “A” and “B” teams will need to discuss this with the players in private and will explain and possibly show the athlete why they are being moved. Parents have the right to question this action in an appropriate manner because they are going to be looking for ways to help their child grapple with the demotion or promotion.

Tournament philosophy – If this group is allowed to play in a tournament, there should be an honest try-out two days before the competition and the coach should select the best players from his or her squad to represent our school. The goal of a tournament at this level is win; however if a player is sitting on the bench and has done all that you have asked, the athlete deserve the courtesy to play as long as the athlete fulfills his or her part of the practice obligations and is a student in good standing. Coaches MUST explain to each player their role for the tournament so that everyone knows what to expect before the players step onto the field or court.

D. Junior Varsity – This is the varsity farm team. This group is to continue with fundamentals while looking for ways to win. The goal of this group is to eventually be placed on varsity playing teams if not during this season, but the next. Disrespect from players on this team will not be tolerated. Anyone sitting on the junior varsity team bench is to be afforded the opportunity to play as long as the athlete fulfills his or her part of the practice obligations and is a student in good standing. The coach may also limit the number of jerseys issued for this team for game participation, but must do this with the principal’s permission. The skill level is to be higher than 7th and 8th grade play and it is designed to mirror the plays of the varsity; not a separate stand-alone program. If there is an assistant coach, this coach should be running the team during games with the head coaches help.

Tournament philosophy – If this group is allowed to play in a tournament, there should be an honest try-out two days before the competition and the coach should select the best players from his or her squad to represent our school. The goal of a tournament at this level is win; however if a player is sitting on the bench and has done all that you have asked, the athlete deserve the courtesy to play as long as the athlete fulfills his or her part of the practice obligations and is a student in good standing. Coaches MUST explain to each player their role for the tournament so that everyone knows what to expect before the players step onto the field or court. If a player has been playing a lot of varsity team games three weeks before the tournament or has participated in a varsity tournament. They will not be allowed to play on the junior varsity team tournament.

- E. Varsity – This group is our elite team – the best students we have to represent our school and our name. They must earn a jersey to play on this team and the coach can limit the number of jerseys issued to suit up for this team. The athletes will be model citizens. They have the right to be individuals but not so that they stand out from their teammates. Their actions can bump them down to less playing time or to a junior varsity team. They continue to work fundamentals, but a shift should be that they are implementing team plays and pushing each other to become better. Disrespect from players on this team will not be tolerated. **THERE IS NO GUARANTEE OF PLAYING TIME; HOWEVER,** if an athlete does not play in a game, the coach will discuss this with the player after each game and a rational will be discussed as to why they are not playing JV. The coach may limit the number of jerseys or players eligible to suit up on this team without input from the administration. Seniors out for sports are not guarantee playing time at all and must earn their way onto the team and must demonstrate that they are better than their underclass teammates for playing time. The athletic director and principal will be kept up to date on any and all movement from varsity to JV. Tournaments are the same as post season play and we are playing to win.

TEAM PARTICIPATION AND COACHES RIGHTS TO DISCIPLINE PLAYERS

As mentioned later in this publication we do not have a cut policy (except for dance and cheer); however, the coach can limit the number of jerseys issued for all high school teams (sometimes with approval (see “Junior Varsity and Varsity Philosophy” above). Also, we ask in “RESPONSIBILITIES OF STUDENTS/FANS/PARENTS” that parents and students wait 24 hours after a contest to talk to the coach if they are upset about something that happened in a game. The 24 hour rule helps everyone cool off and plan out what may need to be said. The parent or student can set up a time to talk with the coach after the game, but this is not intended to start the dialogue. Since we ask this of our patrons and student, coaches do not have the right to kick a player off any team until he or she has talked to the principal. That conversation must wait 24 hours after a contest or practice as well. All coaches have the right to bench a player during any game or practice for improper conduct toward the coach, players other teams players, fans, or officials. Any action above a two game suspension must be discussed with the principal.

CHAIN OF COMMAND

Good communications and chain of command understood and followed by all is a must in order for an athletic department to function efficiently and effectively. Assistant coaches/sponsors and Rule 10 coaches/sponsors must initiate contact with their head coach first in dealing with any problems, concerns, or needs. The head coaches/sponsors are to use the following chain of command:

- A. Athletic Director
- B. Building Principal/Supervisor
- C. Superintendent

RESPONSIBILITY OF STUDENT/ FAN/PARENT

- A. To understand that participation in a program is a privilege and not a right.
- B. To emphasize the proper ideals of sportsmanship, ethical conduct and fair play.
- C. To eliminate all possibilities which tend to destroy the best values of the game.
- D. To stress values derived from playing the game fairly.
- E. To show cordial courtesy to visiting teams and officials.
- F. To establish a good relationship between visitors and host.
- G. To respect the integrity and judgment of activities officials.
- H. To achieve a thorough understanding and acceptance of the rules of the game and the standards of eligibility.
- I. To encourage leadership, use of initiative, and good judgment.
- J. To remember that a contest is only a game.....not a matter of life and death for player, parent, coach, school, official, fan, community, state or nation.
- K. Parents & guardians are to use the following chain of command:
 - 1. Coach of their student athlete
 - 2. Head coach
 - 3. Athletic Director
 - 4. Building Principal/Supervisor
 - 5. Superintendent
- L. We ask parents and players to wait 24 hours after a contest to talk to the coach if they are upset about something that happened in a game. The 24 hour rule helps everyone cool off and plan out what may need to be said. The parent or student can set up a time to talk with the coach after the game, but this is not intended to start the dialogue.

KSHSAA GUIDELINES

It is the responsibility of all coaches/sponsors to know and practice the KSHSAA guidelines that deal with their activity or sport. If a coach or sponsor is uncertain of specific rules, they are to consult with the Athletic Director in order to determine the correct answer. A good rule to follow - **ASK BEFORE DOING SOMETHING YOU ARE UNSURE OF.** Violations of KSHSAA rules are to be reported to the building principal immediately upon discovery.

ESSENTIAL GUIDELINES FOR COACHES/SPONSORS

- A. **BE LOYAL TO THE ADMINISTRATION.** Keep your principal abreast of any situations that may exist in the athletic department.

- B. Program improvement.
- C. To be able to support coaches/sponsors better by obtaining facts.

A coach must realize that he/she must continue to improve. The evaluation of coaches/sponsors will be used to show the following:

Every attempt will be made to complete the evaluations within ten days following the completion of the season. Copies of all evaluation forms will be given to the head coach/sponsor, the athletic director, the principal, the superintendent of schools and will be reviewed with the Board of Education during an executive session. All evaluation forms will be kept on file.

RULES MEETINGS

All coaches/sponsors and sponsors are encouraged to attend their assigned KSHSAA Rules Meetings for their sport or activity. Head coaches/sponsors MUST attend the KSHSAA Rules Meetings.

COACHING/SPONSOR CLINICS

Each coach/sponsor is allowed:

- A. One overnight clinic in which registration, room, meals, and school transportation will be provided.
- B. One clinic where only registration will be paid. All other expenses are the responsibility of the coach.
- C. Those who coach/sponsor more than one activity may request additional clinics. Approval will be based on available funding, availability of substitute teachers, etc.
- D. Requests to attend coaching/sponsoring clinics should be approved at least two weeks in advance of the requested clinic. Requests made with less than two weeks notice will be denied.

PRACTICE GUIDELINES

Practices are an expected part of any program and every coach will need to put together a practice schedule BEFORE the season starts and have the athletic director's approval before it is distributed to all players during the parents meetings. Post-season practices will need to be handled with the athletic director once the teams or individual qualifies for the next level of competition. The following guidelines will help the coach devise his or her practice schedules:

- A. Practices should be once a day Monday through Friday unless there are games. Two-a-day practices can be held generally at the beginning of school and the first week of basketball season, but must follow all KSHSAA practice guidelines.
- B. Wednesday night practices have a curfew. All students must be out of all facilities by 6:30 p.m.
- C. Saturday practices may be appropriate; however, coaches may not have more than one per month, without administration approval.
- D. Sunday practices will not be held without administration approval
- E. All practices when school is not in session (Thanksgiving break, Christmas break, etc) must be coordinated and approved with the athletic director.

- F. JH practices will be held from 2:54 p.m. and be completed by 4:00 p.m. We do run a bus to Lewis and to Offerle at that time.
- G. Practices for non-athletic teams must follow the same guidelines as athletic guidelines but must approve their

PURCHASING

All purchases must be approved by the Athletic Director and Principal. All items approved for purchase must be done via a signed purchase order issued from the office. Anything purchased without approval or without a purchase order shall become the responsibility of the coach or sponsor making the purchase.

PATCHES

The school may order patches for student/athletes provided:

- A. No patches will be ordered unless approved by the athletic director and building principal.
- B. No patches will be ordered until all money for the patches has been collected.

AWARDS TO STUDENT/ATHLETE

KSHSAA rules dictate that schools may give the student/athlete:

- A. Traditional letters, Certificates, Photographs, Medals, and Ribbons.
- B. Additional individual awards in each activity as long as the cost does not exceed \$25.00. (Cash may not be given.)

Students and parents should be informed about what individual awards may be received for summer activities by outside agencies. They may receive medals, ribbons, and certificates. They cannot accept cash or merchandise at any time. They may be ruled ineligible the following season if they do.

OVERNIGHT TRIPS

All overnight trips except those involving State Contests MUST have prior approval of the Board of Education. Be mindful that the Board of Education normally meets once per month and twice during some months, therefore, overnight trips must be planned well in advance.

OUT-OF-TOWN TRIPS

It is very important that coaches/sponsors and students understand their responsibilities while traveling to and from out-of-town events as well while they are a guest in the host school's facilities. Coaches/sponsors should make certain students understand what is expected of them prior to the event. The following rules and guidelines will apply to all out-of-town trips:

- A. In order for a student to participate in an out-of-town contest or event, they must ride the school provided transportation to the event. Students who miss the team bus and show up at the event by other means of transportation may not suit up or play that day/night. If special situations occur, the principal must approve any exceptions in advance. Students shall not be picked up in-route or dropped off prior to arrival back to the school with the exception of Offerle and Lewis. 90% of the time a coach should be on the bus with the players. There are times when it is appropriate for a coach to meet the team (a coach works in St. John and the game is in St. John that night) or to leave and not ride the bus (Coach lives in Hays and the game was at Victoria); however, this should not be taken advantage of and every effort should be made to have one coach/adult on the bus other than the bus driver. A coach may leave their vehicle at the bank in Offerle or the park at Lewis after a game coming from that direction if needed.
- B. Coaches/sponsors are responsible for making certain the bus is as clean at the end of the trip as it was at the start of the trip.
- C. All students are to address the bus driver in a respectful manner.
- D. A coach or sponsor should be the last person to leave the dressing room or other areas where students have gathered or assembled in the host school's facilities. Any damage to the building or its equipment must be reported to the host administrator immediately.
- E. All trips must be scheduled well in advance through the athletic director. The bus will not stop prior to arrival back to school unless the stop is scheduled and approved by the athletic director in advance of the trip. Emergency and restroom breaks will be at the discretion of the coach and bus driver.
- F. After an out of town contest, a coach must stay with their players until all have left the school grounds to assure someone picks up the student.

INVENTORY

Coaches and sponsors should make certain they have a complete inventory of all equipment and supplies prior to the first practice. The head coach/sponsor is responsible for updating the inventory as soon as possible following the end of the season. This inventory will be given to the athletic director prior to the first contest and this same inventory will be checked with the athletic director at the conclusion of the sports season. This inventory process will be a part of the evaluation process.

APPAREL PURCHASES

Nothing will be ordered without approval from the administration and an approved purchase order.

- A. The principal and athletic director will be in charge of uniform purchases with possible coach input. All team uniforms or team related clothing must have red and white, (in either order) as the primary and secondary color. A third color, may only be used when a complementary color is needed, to help make the uniform visible, such as numbers, or name.
- B. Uniform accessories (socks, shoes, kneepads, ankles and knee braces, etc.) may be a neutral color or school colors of the athlete's choice unless provided by the school.
- C. If a T-shirt/sweatshirt, etc. is desired by a coach or team, the following must be observed even if the cost is borne by the student:
 1. All team t-shirts that are worn on the court or playing field before games must use red and white as the primary and secondary colors. This must be cleared through the principal before any student is introduced to a design.
 2. A neutral color may only be used when a complementary color is needed, used for a logo, or to help make the number or name more visible and cleared by administration. Certain exceptions (black dance pants, tan golf pants) can be made to the school uniforms; this also needs to be cleared by administration.
 3. The design and wording must be approved by the athletic director/principal
 4. Nicknames may not be used on any uniform - either provided by the school or individual player - while the player is participating in any school approved contest without principal approval.

5. Efforts should be made to keep the costs of the item(s) as low as possible.
 6. Ordering will be placed by the KJSHS Office. All monies must be collected in advance by coaches or sponsors and turned into the office.
- A. School activity clothing (not intended to be worn on the playing field, court, or used in or before athletic competitions) that is purchased by the students may be of any neutral color as long as red or white are incorporated. All school activity clothing must be cleared through administration.

UNIFORMS

The head coach will issue practice uniforms and game uniforms prior to the first game. All uniforms are the responsibility of the student and all uniforms will be returned back to the school at the end of the season. A student will return the uniforms in good shape, any uniform lost or damaged will result in a fee to replace the uniform. The student will not be able to go out for another sport nor purchase any school related materials (and will not participate in graduation ceremonies) until the uniform is returned or paid for. Students are not to wear uniforms for personal use.

LOCKER ROOM SUPERVISION

Head coaches are responsible to insure that locker rooms are properly supervised before, during, and after all practices and games. Head coaches may delegate supervision duties to assistant coaches/sponsors, however, they remain responsible for proper conduct of the athlete, cleanliness of the locker rooms and the security of supplies and equipment, etc. Failure to properly supervise the locker room could result in disciplinary action and you may be held liable. This does not mean that a male coach must walk into the females locker room; however it does mean that coaches must be in proximity of the locker room and if incidents arise, then administration will be alerted as soon as possible so that a strategy is devised to deal with the inappropriate actions including but not limited to: an appropriate monitor and potentially canceling games.

WEIGHT ROOM

The foundation of any excellent athletic program is a solid weight training program. Encourage your student/athletes to participate and to work hard to improve their strength, speed, and quickness. Student/athletes MUST be supervised at all times when working out in the weight room. Former students or community patrons must have the permission of the principal to be allowed to work-out in the weight room.

Kinsley High School – (Dome) Weight Room Policy

All students/staff are to obey the following guidelines regarding the USD 347 weight room located in the dome facility:

- There must be at least 2 people in the weight room when in use and one of which has to be a staff member, coach or sponsor employed by USD 347
- This weight room is designated for USD 347 staff and athletes. This facility is not open to the general public
- Proper exercise attire is required (i.e. lace-up, athletic shoes)
- Always remove all weights from bars/machines and return to proper storage location when finished
- All equipment must be used in an appropriate manner consistent with its intended use
- When using free weights, always use spotters
- All alcohol/tobacco products are strictly prohibited
- The staff member, coach or sponsor in attendance has the right to assign lifting groups and/or workout routines
- Any horseplay or inappropriate behavior will not be allowed

STUDENT PHYSICAL EXAMINATIONS

Every student that wishes to participate in athletics, cheerleading, or dance squad must have a fully completed KSHSAA physical form on file in the Athletic Director's or Principal's office. Make certain the student's signature is on the form and the parents/legal guardians have signed both sides of the form. Make certain the student's most recent tetanus shot is on the form. Managers are not required to have a physical on file, however, if they are going to be active participants in the practice sessions, i.e., running, playing, etc., they should have a physical completed.

PARENT/LEGAL GUARDIAN MEETING

Coaches/sponsors must have a parent/legal guardian meeting before their sport begins to explain their rules/guidelines, expectations, and lettering policies. Coaches/sponsors should make certain parents have an opportunity to have their questions and concerns answered. Parents should be informed at least ONE WEEK in advance of the meeting so their calendars can be arranged so they may attend.

Informational packets should be handed out at this meeting. Parents need to be informed that the student can possibly be injured (some very serious) by participating in the sponsored activity. Each parent is to receive an acknowledgment sheet provided by the Athletic Director that the parent and student must sign indicating they have read and understand the rules and guidelines and agree that their son/daughter will abide by those rules and guidelines and acknowledge the possibility of injury. Those parents unable to attend the meeting will be sent the informational packet and the athlete will not be able to play in the first competition until the acknowledgment sheet has been returned with the signature of both the parent/legal guardian and student. Student/athletes may practice prior to the acknowledgment sheet being signed and returned, however, they may not participate in contests until completed. All information contained in the packets is to be reviewed with the athletic director and/or building principal prior to its distribution.

TEAM RULES

Each coach is responsible to hand out to the student/athlete and parents before the season begins, a set of team rules that are thorough and concise. These rules must be approved in advance by the athletic director and building principal. Both the athletic director and principal are to be provided a copy of the team rules prior to the start of the season.

Team rules should have a definite purpose and be clear and understandable. The steps of discipline that will take place if rules are broken should be addressed. It is advisable to make rules governing punishment flexible so that all situations can be addressed.

Students are to be in attendance the day of a scheduled activity to be eligible to participate in the activity, unless there is a verifiable absence. Students must also be present the entire day following an activity for the student to be eligible to participate in the next activity unless the absence can be verified. A student who has been suspended (OSS, ISS, or truant from Saturday School) may not participate in any activities until reinstated.

- B. Both head coaches/sponsors must agree on items that include supervised practices, game commitments, etc.
- C. The student must choose a primary activity so if conflicts arise he/she will honor his/her commitment to the primary activity. A contract will be written up by both coaches/sponsors to display practice schedules, activity participation, participation in events, etc.

Prior to a head coach making the decision to dismiss a player from the team because of violation of team rules, the situation is to be discussed with both the Athletic Director and the Building Principal.
- C. Coaches/sponsors are authorized to award uniforms at all levels based on player performance only. Decisions on game participation at all levels will be made on a game-by-game basis and will conform to all school rules of eligibility and participation.

EMERGENCY PROCEDURES

1. The head coach or head sponsor is responsible for the following emergency procedures:
 - A. At the beginning of the season the head coach/sponsor makes certain all assistant coaches/sponsors and sponsors are knowledgeable in how to handle “blood situations”.
 - B. Make certain you and your staff have an emergency plan in effect if a serious injury occurs. This plan should include:

 4. Having the medical kit on site and fully equipped.
2. All coaches/sponsors should be aware of certain emergency weather conditions that might affect road trips, practices, or games. Check with the building principal on what procedures you should use for tornadoes or inclement weather.

This insurance covers students who are injured in high school sponsored events, but only after \$3,500.00 deductible. Additional accident insurance is made available to the students at enrollment at a cost to the student.

KJSHS CHEERLEADING

Purpose:

Cheerleading/dancing is representing each and every student of the school.

Cheerleaders/dancers are one of the school's most valuable assets. They serve as publicity agents, ambassadors of good-will, and true examples of school spirit.

Cheerleading is being in a position of a liaison between the team, the officials, and the audience. Their first and primary function at the game is to stimulate and "control" crowd response.

Cheerleading is feeling the heartbreaking agony of defeat and the thrill of victory.

Cheerleading is a challenge to build self-confidence. Through long, hard practices the cheers must be worked out so they are synchronized, pleasing to watch, and easy to follow. By doing the cheers, chants, and stunts over and over again at practices, a cheerleader gains the confidence it takes to get out in front of the stands.

Cheerleading is a very important job with lots of responsibility. It can be a very rewarding experience. Good Luck this year and make the Coyotes proud to be represented by you!!!

Membership:

The size of the squad will be determined by the administration and the cheerleading coach, contingent on school enrollment, the number of persons trying out, and additional cost involved.

Cheerleaders must obtain a current physical on file for the year in which they are a cheerleader.

Cheerleaders must meet Kinsley Junior-Senior High School eligibility rules and regulations.

Elections and try outs:

1. Prior to trying out for the cheerleading squad, each student must obtain a prospective cheerleader form and a parental permission slip. Both forms must be returned by the first tryout practice session.
2. A minimum number of practice sessions, as determined by the coach, will be held. Prospective cheerleaders must attend all required sessions in order to try out. Coaches will determine if an absence is excused or unexcused.
3. Elections will be held by the coaches and the principal. Elections will be held in two parts—teacher citizenship evaluations and tryout before a panel of objective judges.
4. The Junior High and High School Cheerleading squads will each consist of a maximum of 8 members.

Uniforms and camp:

1. Uniforms selections will be made by the newly elected cheerleaders under the supervision of the coaches every three years.
2. Each cheerleader is responsible for the care of the uniforms.

Performances and Practices:

1. Cheerleaders /dancers will be responsible for attending all practices. If a cheerleader/dancers is unable to attend practice, a coach must be notified 30 minutes prior to practice. The coaches will determine if the absence is excused or unexcused. No practices of any kind will be held without coach's approval.
2. Cheerleaders /dancers will be responsible for cheering at all performances assigned to them. The number of cheerleaders will determine the performances assigned to them.
3. Cheerleaders/dancers must be present at least one-half (1/2) of a day in order to practice or cheer in a contest. The time will be set at noon on game days for illness.

Rules & Regulations:

1. ***ORGANIZATION: Co-captains will be elected at one of the first meetings by secret ballot. The ballots will be counted by the sponsors and announced at that time. The co-captains will have additional responsibilities throughout the year that will include but are not limited to organizing practices, meetings, fundraisers, and pep-rallies. Co-Captains are reminded that everything must be cleared through the coaches.***
2. ***PRACTICES:*** Practices will be called jointly by the cheerleaders and coaches. Everyone's schedule will be taken into consideration as much as possible. When a practice is set, all cheerleaders are expected to be there on **time! NOTE: Late means any time from 30 seconds to 30 minutes.** If some problem arises, the cheerleader that will be gone must contact one of the coaches 30 minutes prior to the scheduled practice or event. The coaches will then determine if the absence is excused or unexcused.

EXCUSED OR UNEXCUSED:

An excused absence would be for illness, another school activity or a prior commitment that has been cleared through the coaches. REMEMBER: You must notify a coach 30 minutes prior to the scheduled practice or event.

An unexcused absence would be for not notifying a coach 30 minutes prior to a scheduled practice or event, and/or not showing up at all.

If it is an unexcused absence, the cheerleader / dancers will not be able to cheer at the next scheduled event, but will attend with the coach, be in the stands and in uniform. Two unexcused absences and the cheerleaders will sit out of two scheduled events. Upon the third unexcused absence the cheerleaders will be automatically removed from the squad for the rest of the year. If removed from the squad, a cheerleader will be required to reimburse the cheerleading fund for all expenses incurred and return all cheerleading property.

TARDY: Two tardies will result in one unexcused absence.

Leaving practice or a scheduled event early **MUST BE MADE IN ADVANCE.**

NO PRACTICES OF ANY KIND WILL BE HELD WITHOUT PERMISSION OF COACHES!

3. ***PERFORMANCES & GAMES:*** One day's schedule events are considered one performance. Cheerleading schedules will be determined at the beginning of each sports season. Cheerleaders/dancers must be present at least one-half (1/2) day on practice or ball game days in order to cheer.

Cheerleading attendance will be determined prior to each sports season.

The decision of junior varsity and varsity attendance will be decided on by the squad. Excused and unexcused absence rules apply to performances as well as practices. Cheerleaders must ride in the school provided transportation to and from the scheduled events. Every effort should be made to arrive 20 minutes before a game or match to stretch and prepare.

4 ***DRESS:*** Appropriate attire will be worn at all times. The cheerleading squad will dress the same at games and during the school day to show team unity. IF a cheerleader is a member of another sports team, they will abide by the decision of both coaches on the attire for that day's event. The cheerleaders will be expected to wear the appropriate attire for each school event. The weather, coaches, and squad will determine what will be worn to school on game days. It is the responsibility of the co-captains to let the squad know and to follow up on what they will wear.

5. *PEP RALLIES:* The coaches and administration must approve the scheduling of pep rallies. The ideas for the pep rallies must be approved before the day of the pep rally. It is the co-captains responsible to get the pep rally approved and organized.
6. *FUND-RAISERS:* Fund-raisers are to raise money for expenses incurred as cheerleaders/dancers. Cheerleaders/dancers are not required to participate in any fund-raiser. Only those that participate will receive the benefits of the fund-raiser. ALL FUNDS RAISED MUST BE CLEARED FIRST WITH THE COACHES WHO WILL IN TURN CLEAR IT WITH THE ADMINISTRATION BEFORE PROCEEDING WITH PLANS. AN ACCURATE METHOD OF RECORD KEEPING OF INCOME AND EXPENSES MUST BE MAINTAINED WITH THE FINANCIAL SECRETARY AT KINSLEY JUNIOR-SENIOR HIGH SCHOOL REGARDING ALL MONETARY FUNDS. THIS IS THE RESPONSIBILITY OF THE CHEERLEADER SPONSORS. Coach's duties lie in organization and delegation of responsibilities.

If bills are due and there are insufficient moneys in the cheerleading fund, cheerleaders will be required to pay into the cheerleading fund. If fund-raisers then bring in enough money, cheerleaders may be reimbursed for amounts paid into the fund. A minimum balance will be maintained each year. Same applies to Dance Fund as well.

7. *CAMP:* Each year the cheerleading squad will attend or participate in a cheerleading camp. The coaches must approve the camp. Once a camp is approved each cheerleader will be required to attend the practices that will be set prior to camp for preparation and the camp itself. The coaches and the KJSHS Principal will determine if the absence from the camp is excused or unexcused.
8. *RESPONSIBILITY AND SQUAD DUTIES:* Each cheerleader is responsible for their own duties and requirements. SPORTSMANSHIP is a responsibility of each cheerleader on the squad. Cheerleaders need to try to improve student moral, boost team spirit,

and help the school achieve a good reputation. Cheerleaders must stay in control of the cheering and help to keep people off the court and/or field according to the rules of the Kansas State High Schools Activity Association. The support the crowd gives the team relies greatly on the cheerleaders attitudes and cooperation.

Cheerleaders/dancers must abide by all rules and regulations. If any rules or regulations are not followed then the consequences will be the same as an unexcused absence,

9. *TRANSPORTATION:* A student must ride to an event on the school bus or car and must return on the bus or car, unless personal contact has been made with the sponsor. A sign-out sheet must be signed by the parent or guardian before the student will be allowed to return with other transportation. (Driver must be 21 years of age or older)

The sponsor will remain with the student and on school property until all the students have been properly picked up

10. *CONDUCT:* Cheerleaders/Dance Team Members shall conduct themselves properly at all times. They are the official representatives of the school.
